Judge M. Schorobiny was a caller at this office yesterday and left us a nice assortment of beets—the product of his own garden. The judge didn't say whether they were of the Ma Ferguson or Calvin Coolidge variety, and it really doesn't make any difference. The election two years ago showed that both thrive equally well in the soil of old Medina and we opine that all other varieties are going to be mighty scarce and considerably shriveled by July 24th.

Improved Star Four
Coupster \$610.
L. o. b. Lansing

The most noticeable of the changes in the Improved Star Fours are the new Hayes-Hunt bodies, being in construction, style, finish and appointments unsurpassed in low priced automobiles.

The new chassis frame has sub-frame mounting of the transmission unit that insures permanent alignment. A "kick-up" over the rear axle and lowered front axle lowers the bodies two inches, increases driving ease and riding comfort.

The Continental Red Seal Star Four Motor is the most modern, most powerful in low-priced cars.

Comparison or demonstration will prove that Star cars have

Fritz Senne called at this office Wednesday with a mysterious looking package. He handed it to the editor with the remark that he had something to show him. When we lifted the cover from a large waiter not only did a pleasing sight greet our eyes but a most delightful odor filled our nostrils, for on it was a nice assortment of peaches and plums all fully ripe and presenting a scene to tempt any one to feast. There were five varieties of plums from a golden yellow to deep red and various shades between these with the variegated colors of the peaches made a most pretty scene and the perfume from the ripe fruit took us back to the memory of boyhood days on the old Mississippi farm. Mr. Senne is growing all this fruit on his own farm a few miles south of Hondo, and thus demonstrating that a Medina County farm can produce its own supply of fruit in season.

The Karnes County News of June 3, 1926, can claim the unusual distinction of carrying a four page advertisement of a local firm. The occasion was the opening of Pullin's Market. To the average meat market the thought of a four page advertisement would fill the butcher with visions of bankruptcy, but to Carl Pullin it evidently had no such terrors. Here is hoping Pullin's advertisements will keep right on "Pullin'" and that his liberal use of printer's ink publicity will prove an incentive to others to go and do likewise.

Prof. W. N. Saathoff left Thursday for San Marcos where he will spend the next six weeks attending summer school. In this Mr. Saathoff sets his teachers a worthy example, for only in this manner can one's professional standard be maintained. He asked us to say for him to the public that he will be back in his office in ample time to look after all transfers of pupils, the approving of contracts, etc., before the beginning of the new school year.

Members of the Sophian Study Club will be pleased to learn that the study course, "Southern Literature" has been assured them by the University Extension Department and next year's work is being planned with a great deal of enthusiasm.

SALVATION ARMY MAN HERE.

W. E. Hutchins of Dallas, general representative of the Salvation Army, is here to co-operate with the Local Advisory Board in raising Medina County's quota for carrying on of work of the Salvation Army in this County and in the Southwestern Division.

It is generally conceded that the Salvation Army comes nearer meeting every phase of human need than any other organization in the world.

The Army's work is no longer confined to the cities, but, through its Advisory Board, the poor, the despairing, the betrayed, the outcasts of society are being reached and its purpose is that in the most remote corner of this and every other county in the State those who need help shall be helped, whatever their need.

To mention only one branch of the work—last year 157 unfortunate girls were cared for at the Divisional Maternity Home, ages 13, 14, 15 years and upward. Seventy-five percent of these girls came from small towns and villages. Each one of them is somebody's daughter.

The Salvation Army long ago proved itself absolutely honest in its dealings, rendering the maximum of service with the minimum of overhead.

The Salvation Army is in business for humanity, not race or creed, but NEED, and the people of this state are again cheerfully responding to the annual appeal of the Salvation Army for funds to carry on its program in this state, said the appeal representative, "and for the benefit of the public upon whom the Salvation Army depends for finances for the conduct of this very necessary and helpful effort for the relief of humanity, we are willing and anxious to answer all questions that may exist in the mind of any man or woman."

"Every phase of the Salvation Army work is understandable. It is endorsed by men and women in all walks of life, because it administers to the poor, the needy, the unfortunate and helpless, without regard to race, creed or social station. It is non-sectarian and universal in its scope and service. The Salvation Army administers spiritual as well as material relief. In this manner permanent good is done.

"Among the multitudes who unhesitatingly endorse the work of the Salvation Army and the methods it employs are the President and former presidents of the United States of America, high government officials now and formerly in office, the present and former governors of Texas and Louisiana and many other states, Catholic, Protestant and Jewish clergymen, the secular and religious newspapers and magazines, without respect to creed, the daily press, commercial and civic organizations throughout the nation, and hundreds of thousands of bankers, business and professional men and women, artisans, laboring folks, farmers and others whose contributions to this work are their endorsement.

"Surely the Salvation Army is wonderfully blessed with friends. This is so because the Salvationists are not in the work for the financial gain or hope of earthly reward. Self-

sacrificing service is their only motive. Salvation Army affairs are administered so efficiently and economically as to command the respect and confidence of the business world and we are proud to have the moral support and cooperation of governments, states, cities and counties wherever the Salvation Army operates.

IN MEMORY OF OUR FATHER, DIRK LINDEBURG.

'Tis hard to break the tender cord When love has bound the heart; 'Tis hard, so hard, to speak the word—

"Must we forever part?"

Dear father, we have laid thee In the peaceful grave's embrace; But thy memory will be cherished 'Till we see thy heavenly face.

We miss thee from our home, dear father, We miss thee from thy place; A shadow o' our life is cast, We miss the sunshine of thy face.

We miss thy kind and willing hand, Thy fond and earnest care; Our home is dark without thee, We miss thee every where.

Yes, we will miss him very much But our loss is Heaven's gain And 'ere long we hope to meet him And forever there remain.

Ah, father, we love you so! Our hearts ache with grief and pain; Dearest, we beg you pray for us That in Heaven we'll meet you again.

SAN ANTONIO, Texas, June 4—Pat Armstrong has made a location on the Lacey ranch in Medina Co., about four miles northwest of Hondo, where he has a lease of several thousand acres and is preparing to drill the first of two tests that will go to 1,500 feet. They are being drilled for shallow production and on a possibility of picking up a serpentine bed. Armstrong has also had a deal with John O. Banks and others of Beaumont, who will drill on the King ranch, one and one half miles north of Hondo, a 2,000-foot test.

Plateau Oil Company has abandoned its test on the Carle farm in Medina County on the Harrison survey, at 2,150 feet, when 100 feet into the Edwards, which was dry.

MANY THINK MALARIA NEVER LEFT SYSTEM.

Until Dodson's Liver Tone Drove Out Quarts of Sour Bile and Other Poisons.

There are entire sections everywhere seems to think they have malaria. Others believe they never fully got the malarial poison out of their systems.

Arnold Whiteson says: "For years I took calomel for the aches, biliousness, headache, constipation and the deathly feeling associated with what we believed to be malaria."

Last year I heard about Dodson's Liver Tone and bought a bottle for a few cents. Man, man, what a Godsend. In the morning it drove out quarts of black, sour bile. I got back my appetite for food, braced right up and haven't had a sick spell since. Whenever I feel a little bilious or the stomach gets sour, one dose of Dodson's Liver Tone is all I need. It is surely a blessing."

Hundreds of others tell of the same experience.

Take a spoonful of Dodson's Liver Tone tonight and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue of sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

"Black-Draught is the very best laxative I have found. I always feel so much better after taking it. My wife takes Black-Draught, too. For dizziness, costiveness and any little stomach disorder, we find it most satisfactory, and consider Black-Draught a family medicine."

MRS. ANNA MUENNINK DEAD.

Mrs. Anna Elizabeth Muennink, nee Dietrich, was born in Germany March 4, 1846, and died at the home of her daughter, Mrs. F. J. Leinweber, on June 5, 1926, reaching the age of 80 years, 3 months and 1 day.

Mrs. Muennink came to this country with her parents when only six years old and settled at Fredricksburg, Texas. On Oct. 14, 1864, she was married to Mr. Henry L. Ellebracht of Fredricksburg. To this union were born seven children, three boys and four girls, all of whom were present at the funeral of their mother. On Oct. 31, 1877, Mr. Ellebracht died and left her with the care of seven small children. In 1888 she was married to Mr. Fred Leinweber and came to Medina County, making her home on a farm near Hondo. Mr. Muennink died on Dec. 1, 1902, leaving her a widow for a second time. For the past 23 years she has made her home with her daughter, Mrs. Leinweber.

Deceased is survived by her children, Louis Ellebracht of Knoxville, Texas; Henry and Richard Ellebracht of Fredricksburg; Mrs. Adolph Weiss of Hondo; Mrs. Herman Grobe of Fredricksburg; Mrs. John Schweers and Mrs. J. Leinweber of Hondo. Two sons, twenty-seven grand-children and 12 great-grand-children are also left to mourn her loss.

Mrs. Muennink united with the Methodist Episcopal Church, South, in the year 1864, just after her first marriage, and was a devout member of same until her death. She had been confined to her bed for the past seven months and, at times had much suffer; but she did not complain; she had put her trust in God and would say with Paul: "For I reckon that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed to us."

Mrs. Muennink was tenderly cared for and nursed by her daughters during her long illness and every thing that loving hands and faithful nursing could do was done to alleviate her sufferings. On Sunday afternoon, June 6, in the presence of a great many present, the remains were laid to rest in the Hondo cemetery, under a mound of beautiful flowers, to await the resurrection of the righteous. The funeral services were conducted by her pastor, Rev. W. C. Brown of New Fountain, assisted by Rev. W. S. Ezell of Hondo.

The following out of the county relatives and friends were here for the funeral: Mrs. Louis Grossenbach, Mr. and Mrs. Hoopp, Mr. Otto Rabe of Harper; Mr. and Mrs. Arthur Schiever of New Braunfels; Mr. Louis Ellebracht, Mr. and Mrs. Alfred Ellebracht, Mr. and Mrs. Wilhelms of Biershwal of Knoxville; Mr. and Mrs. Alfred Oehler, Mrs. Max Nemke, Mr. and Mrs. Stanley Wall, Mr. and Mrs. Henry Vordenbaum, Mr. and Mrs. Jesse Warner, Mrs. F. W. Bader, Mrs. Annie Schweers and Miss Meta Grossenbach of San Antonio; Mrs. Herman Grobe, Mrs. Otto Nagel, Mrs. Lina Weiss and daughter, Miss Olga, Mr. and Mrs. Ben Weiss, Mr. and Mrs. Emil Weiss, Mr. Henry Ellebracht and son, Edgar, and daughter, Miss Elizabeth, Mr. and Mrs. Richard Ellebracht, Mr. Albert Mader of Fredricksburg; Mr. and Mrs. Arno Leinweber of Mission; Mr. and Mrs. Henry Weiss of Willow City.

BAPTIST REVIVAL.

A series of two weeks evangelistic services will be conducted at the Baptist Church beginning June 20. BAPTIST W. M. S.

The members of the Baptist W. M. S. were permitted to enjoy a pleasant trip to the country on Thursday, May, 29th, to hold their mission meeting at the home of Mrs. W. J. Earnest.

The topic of the lesson, "Our Hospitals at Home and Abroad", was presented by the poem, "The Seamless Robe of Jesus." Mrs. Albert Nelson led the discussion taking up first the noble chapter that Christianity is writing in hospital building and administration. In the course of the lesson it was learned that the Baptists of the South owned and were supporting twenty-two hospitals at home and fourteen in the foreign field. The appeal of the hour was that the hospital bells might ring in our ears and hearts until we are willing to do our utmost for suffering humanity.

The hostess then served delicious chicken sandwiches and iced tea to

READ THE TRUTH ABOUT KILLING INSECT PESTS

In the first place—
don't pay a Big Price
for an insecticide

WHY pay a big price for an insecticide or buy expensive spraying apparatus when so little as 25c buys a generous size of Bee Brand Insect Powder—sufficient to rid your home of insects, or to prevent insects invading it for a long time to come. Bee Brand Insect Powder is not only a most effective insecticide, but it is also the least expensive.

Bee Brand Won't Explode

You can use Bee Brand Insect Powder anywhere, near an open fire or flame of any sort, without danger. It will not explode nor is it easily inflammable. An insecticide that is explosive, or highly inflammable is a menace—a fire risk.

What of the Plants?

Dare you apply your present insecticide to plants? If you wish to remove insects from plants or flowers, or if you wish to use Bee Brand in a room where plants and flowers are, have no fear. It will not harm them. Bee Brand is non-poisonous. Dust it or sprinkle it on your pets and domestic animals. It will not harm them. Eat it if you wish—it will not hurt you.

How Much Apparatus

None is necessary. If you prefer to use the little puffer gun, the cost is only 10c. Blow Bee Brand Insect Powder from a piece of paper. It floats in the air and its fine particles kill Flies, Mosquitoes, and Moths. Dust it in cracks and crevices, or about the furniture, it kills Roaches, Water Bugs, Fleas, Lice and Bedbugs.

Settle It Once and for All

You know what kind of soap serves you best. Modern sanitation has made insect powder an accessory as soap. If you have never used Bee Brand you have not yet found the most effective and least expensive insecticide. Order it by name and insist on getting it.

MORE IMPROVEMENTS AT COLONIAL.

The Colonial has installed a cooling and ventilating system, known as the Arctic Nu-Air system.

The reliable performance of the Arctic Nu-Air cooling system is due, in no small measure, to its extreme simplicity. The impeller draws in the cool, fresh air, and gives carrying power to a volume of 35,000 to 40,000 cubic feet of air per minute. The Arctic Nu-Air operates automatically; and distributes an equal amount of fresh air to every seat in the house, causing no draft and changing the air about twice every minute.

No audience on earth enjoys sitting in a hot, muggy, stuffy, stale-smelling theatre, even for the most popular stars in the movie heavens.

The American public can well be grateful for theatre owners who recognize their responsibility to their communities. They appreciate the importance of their trust, they accept their duties willingly. Perhaps most important of these duties toward others is that of safeguarding the health of every patron who comes to the theatre as a guest, who regards it's cool, refreshing, inviting theatre as a community institution and a community service.

This big blower has a wheel 36 inches inside diameter; 46 inches outside. Overall dimensions: Height 64 inches, width 54 inches, depth 69 inches, blast discharge 36 x 38, weight 597 pounds, and keeps the auditorium delightfully cool and supplied with fresh air no matter how large the crowd.

The people of Hondo are to be congratulated upon having so up to date a play house as is the Colonial.

FORTY-TWO CLUB.

Japan, with its magic and mystery, was featured in the decorative scheme chosen by Mesdames F. S. Cockrel and L. E. Heath and Miss Lorraine Heath Thursday afternoon when they were hostesses to the members of the Forty-Two Club and a number of invited guests.

To the right, as you entered the hall, a table had been arranged to represent a Japanese garden with its pool of water in the centre and overhanging shrubbery. Japanese parasols and lanterns about the hall helped to carry out the Oriental idea. At the edge of the table were placed the tolly cards of Japanese lantern design. Almond shells, containing Japanese surprises, and green and yellow stick candy, which was to be given as trophies to those making their bids of 84 or 168, was also placed along the edge of the table. On arriving, each guest was given a Japanese magic flower tablet and requested to make a wish as she dropped it into the pool and watched its transformation into a Japanese lily. Tallies were then drawn and all took their places for the games, of which fifteen were played—Mrs. Horace Bradley and Mrs. Fletcher Davis tying for high score of thirteen games.

After the games, all repaired to "Hutzler's" where decorations of yellow and green placecards of hand-painted Japanese harbor scenes, and dainty refreshments of cherry ice and green-iced angel food cake, served beneath the outspread Japanese parasols suspended from the ceiling, further suggested the land of cherry blossoms.

The guests were Mrs. Floyd Griffith of Dallas, Mrs. Eugene Vincent Behan of Fort Sam Houston, Mrs. Charles Johnson, Mrs. Theo. Cameron, Mrs. Sadie Hutzler, and Misses Josephine Brucks, Dea Crow, Clara Decker and Evelyn Wilson.

The members present were Mesdames Laura Weihausen, W. O. Rothe, Felix Richter, Earl Boon, Earl Starnes, Ed. Cameron, Felix Batot, Horace Bradley, O. H. Miller, Fletcher Davis, Alice Reinhart, H. E. Taylor, Garland Martin, F. H. Schweers, Oscar Schuehle, Misses Lucille de Montel, Bess and Lillian Brucks and the hostesses.

Mesdames P. Jungman, Garland Martin and Fletcher Davis will be hostesses at the next meeting of the Club.

Miss Majorie Barnes of San Antonio came out Saturday for a visit with her uncle, Mr. Theo. Barnes, and family.

Lawn Mowers, Holloway Bros.

Mr. and Mrs. W. T. Crow spent Thursday in San Antonio.

Mr. and Mrs. Geo. Carle were visitors to San Antonio Wednesday.

Mrs. Ed. Poerner and children of San Antonio spent last week-end with Mr. and Mrs. P. C. Jagge at the Jagge ranch.

Misses Louis and Evelyn Griffith left the later part of last week for San Marcos where they will attend school during the summer.

Mr. and Mrs. Tom Holloway and children have gone to La Grange for a visit to Mr. Holloway's parents, Mr. and Mrs. J. B. Holloway.

Bill Van Fleet left Saturday for Kerrville where he joined his father, L. J. Van Fleet, in road construction work for the S. A. A. P. Railway.

Mrs. John Finger was taken to the Santa Rosa Infirmary in San Antonio Tuesday for medical treatment. She was accompanied by Mr. Finger.

Hon. John N. Garner, Congressman from this district, paid Hondo a flying visit this week. Judge Garner does not appear worried over the fact that he has opposition, both within the ranks of his party and from the rascally Republicans, but he wants his friends not to forget to remember on July 24th that a fellow sometimes most needs his friends when least in danger—so that he remains that way!

GUM-DIPPING the Extra Process for Extra Miles! Breaks all Tire Records

The 500 Mile Speed Classic at Indianapolis has always been a Battle of Tires. In 1911, Firestone won with fabric tires at 74.59 miles per hour. In 1920, Firestone won with cord tires at 88.55 miles per hour. In 1925, Firestone won with Full-Size Gum-Dipped Balloons at the record breaking average speed of 101.13 miles per hour.

In 1926, Firestone again won with Full-Size Gum-Dipped Balloons. The ten cars to finish "in the money" were all Firestone-equipped. They went the distance without a single blowout and with but two tire failures—one due to a puncture and the other to a leaky valve.

This performance is even more remarkable when you consider the terrific speeds at which the cars traveled over this fifteen-year-old, rough brick track.

Experienced race drivers will not risk their lives or chances of victory on any other tires. And in the commercial field, large truck, motorbus and taxicab fleet operators, who keep careful cost records are among the big users of Firestone Gum-Dipped Tires.

The City Transportation Co., of Tacoma, Wash., writes: "One of our 12 buses on Firestone Gum-Dipped Tires has gone over 40,600 miles and still looks good for many miles of extra service. For all around tire safety and mileage, Firestone cannot be beat."

From Calumet Motor Coach Co., Hammond, Ind., the following: "We operate 40 buses all equipped with Gum-Dipped Tires. The very low cost per mile on which these tires operate is considerably less than that of any other make." Hayes Bus Lines, Columbia, S. C., say: "We operate 19 buses equipped with Firestone Gum-Dipped Tires. A number of these tires have run over 45,000 miles without ever having been removed from the rim."

The largest taxicab companies in the world standardize on Firestone Gum-Dipped Tires. W. R. Rothwell, taxicab operator, Detroit, Mich., writes: "Two of my Firestone Gum-Dipped Tires have run 76,000 miles."

Hundreds of thousands of car owners voluntarily testify to the safety, comfort and economy of Full-Size Gum-Dipped Balloons. W. H. Peacock, Birmingham, Ala., testifies: "I have had Firestone Balloons for thirteen months and they have delivered in that time 24,469 miles." H. C. Staehle, Minneapolis, Minn., says: "My Firestone Balloons have gone 49,900 miles and are still in good condition."

These records of endurance, speed, safety and mileage could only have been made because of Firestone development of the Gum-Dipping process which insulates and saturates every fiber of every cord with rubber, reducing friction and heat and building greater strength and endurance in the cords—assuring you at all times—

The BULL'S EYE

The Farmer Can't Stand Much More Help Like He Has Been Getting

Congress say they are helping the Farmer. They are in Washington ON salary. He is home trying to pay it.

Farmers have had more advice and less relief than a wayward son. If advice sold for 10c a column, Farmers would be richer than Bootleggers.

And when they get all through advising, there is just one thing will help the Farmers. That is eliminate some of the middlemen and let the two ends meet. The Consumer and the Producer are two men in America that have never even seen each other. Cut out the middle and tie the two ends together.

When a steer starts from the feed pen to the table, there is about 10 to take a bite out of him, before he reaches the family that pay for him.

Who wears the best clothes or drives the best car, the fellow who raises a bushel of wheat, or the working fellow who goes up to buy a sack of flour? Why neither one of them. The ones in between these two have their private Tailor and "Straight Eight's."

The Government just told Agriculture, "You are in a hole." They didn't offer to pull them out, but they did say, "We will get down in there with you."

I want to tell you right here, I don't know what would have happened to the poor farmer if it had not been for his old friend, "Bull" Durham. It's the only thing he has been absolutely able to rely on. And I want him to know that myself and "Bull" Durham are with him right to the poor house door.
